

Dear Homeowner,

We are embarrassed to say that our industry is the most complained about among consumers. As a means to change the situation, we have developed a set of guidelines, including questions to ask your potential contractors. We hope these guidelines will educate consumers and provide them with a better remodeling experience.

We hope that you will contract with our company to do your remodeling project, but whether you choose The Perfect Edge, Inc. or another contractor, if you follow these guidelines, you should get a superior quality job, at a fair price, and completed in a timely manner.

Thanks for the opportunity to bid your project, and we hope this information is helpful.

Sincerely,

Doc Tully
President and Founder

The Perfect Edge

The Perfect Edge, Inc.

Industry Tips on Hiring a Contractor

- Ask the remodeling contractor for *local references* (recent projects) and find out if these customers were satisfied with the contractor's work. If possible, visit and inspect their completed projects.
- Find out if the contractor is a member of a *professional association* which has standards or a code of ethics for remodelers.
- Contact your local BBB to learn *how long a contractor has been in business* (most unsuccessful company's go out of business within the first five years) and if the firm has *any complaints* filed against them with the BBB.
- It is extremely important to *compare costs* before making a financial commitment toward any home improvement project. If you *solicit more than 1 bid* from prospective contractors you should *discuss bids in detail* with each contractor, making certain you understand the reasons for any variations in the prices. *Do not automatically choose the lowest price.* One contractor's bid might be higher because the materials to be used are of a better quality or because the work will be especially thorough and therefore, require more time and labor. (A contractor could be the lowest bidder because he is taking shortcuts that will compromise your project and create additional work later, or he could be giving you a low-ball price to get the job and after the project is started come up with a large number of "additions" that will add a significant amount to the final cost.)
- Another important matter to consider before hiring a contractor is insurance. Ask the contractor if the company is insured against claims covering property damage and personal liability in case of accidents. If they don't have a copy of their *General Liability Insurance*, call their insurance company to verify their policy.
- Finally, check with your state, county, or city housing authority to see if the contractor must meet certain licensing and/or bonding requirements in your area. If so, make sure your contractor is *properly licensed and bonded*.
- Never pay a contractor for the entire job in advance and avoid paying in cash whenever possible. (Ask for a *lien waiver* upon completion and payment of the project.)

The Perfect Edge Guarantee

1. Materials are warranted by individual suppliers. Labor is warranted by The Perfect Edge, Inc. for 1 year from completion of project- any problems derived from labor and we will come back, in a timely manner, and fix it free of charge.
2. If, for some reason, we are running late, we will “always” contact you to let you know. If you don’t hear anything from us, we will be on time!
3. We will do what is needed to protect your home and furniture from damage during the project, including laying plastic and tarps, and covering furniture when necessary and will clean up at the end of each day so there will be no debris, tools, etc. in the areas of your home that you are occupying during the project.
4. If we find hidden damage or problems we could not see when we gave you the estimate, we’ll give you a written change order to approve before proceeding- no surprises.
5. We perform all of our work to county or municipality codes, whichever applies, and where there are no specific codes we perform to industry standards as outlined by The American Subcontractors Association.

Here's what our customers are saying...

"Doc is very thorough and does excellent work. He was also very conscientious of our time and schedule. He did everything he said he would and charged us a very fair price. We'll definitely use The Perfect Edge and Doc again for other projects. I couldn't be more pleased." Bill P.- Littleton, CO

"As many of us homeowners have discovered, it is very difficult to find contractors that are reliable and have integrity. I have finally found in Doc, both a man with a plan and integrity. His work ethics are professional and friendly. He was able to take over an existing job for us and surpassed our expectations. He showed up on time, with the right tools, and did the job as he said he would. Thanks a bunch, Doc!" Mike S.- Roxborough, CO

"I will recommend The Perfect Edge to anyone that wants work done in which he specializes. There are no surprises when the work is half done or completed, his attention to detail is outstanding, and the time frame to get the job done is right on." Alan C.- Littleton, CO

"They were very professional and did a GREAT job." Paul T.- Highlands Ranch, CO

"I'll definitely use you again. Excellent experience." Tony D.- Sedalia, CO

"We really love the deck and think you just did a great job." Chris B.- Greenwood Village, CO

"You are more than welcome to use us as a referral. We are VERY pleased with our new deck." Mark L.- Aurora, CO

"Just wanted to tell you that we would be happy to be a referral for you. We could not be more pleased with the results of our remodel. You and your crew were very easy to work with. They were always on time, polite, and courteous, and we certainly had no trust issues. You can be proud of the workmanship of everyone in your company." Vicky B.- Roxborough, CO

"We are very pleased with our deck. We love it. Thank you so much for all your hard work. We would be glad to be a reference for you." Dena C.- Roxborough, CO

"We were fortunate enough to win an improvement job at the Roxborough Art Fair a couple of years ago. Doc did a great job for us so we hired him to redesign and remodel our master bath. We could not be happier with the job they did.

This past summer we had a huge mold problem. The first person we called was Doc to see what his part might be in remediation and putting our room back together. He was wonderful, working us into a very busy schedule. We have no reservations in hiring him for another job.

We have since come up with a couple other projects we will be discussing with him. We have recommended him to many and will continue to do so". Karrie M.- Roxborough, CO

"We had the pleasure of working with Doc Tully on two projects at our home. The first was a major deck project, including a portion that utilized tile, plus the rebuilding of a stucco wall around a significant portion of the deck. Doc and his team listened to our needs, provided excellent ideas throughout the project and we were very satisfied with the completed work. The second was a minor indoor tile job, and again done very well. Doc has the highest standards, stands behind his work and is a pleasure to work with. We will certainly call Doc for future needs and have recommended him to others." Mark H.- Roxborough, CO

"The guys from Perfect Edge Remodeling did a terrific job for us. The problem was that our daughter and son-in-law were coming to live with us on short notice. Our basement was totally unfinished. The Perfect Edge folks got the job done as ordered and ahead of time. 1200 sq ft finished including a closet, bedroom, full bathroom, and a very large den/play area/tv area. We were absolutely happy with the services of Doc and the quality of his work. We will probably be hiring Doc to do our deck in the future. We have so much confidence in his abilities and honesty that we will not even be getting other bids." Chris S.- Littleton, CO

"Thank you so very much for all of your hard work and efforts you put into our new master bath. The amazing skills and talents you all have are just beaming through the workmanship and quality in every aspect of the whole project! We are truly amazed at how excited we are with the beauty in what you have created. Thank you so much." Sam G.- Roxborough, CO

"Thank you so much for the beautiful workmanship on our new kitchen, master bath, hall bath, powder bath, and basement bath. You were both wonderful to work with and we are so grateful to you both for your attentiveness to detail and to our needs. I don't think that we could have asked for more; we absolutely love our new space! I really feel like we have moved. ☺" Carl C.- Highlands Ranch, CO

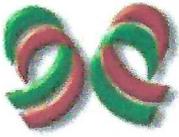

"We would recommend The Perfect Edge as a company that does great work and keeps the customer in mind. We know what we wanted and it was delivered. The crew was polite, friendly and professional. We had no concerns with their ability to create such a perfect addition to our home and garden. Doc was forth coming with all our questions and concerns, even as far as answering a couple of questions not related to the deck. Nice touch! We would definitely work with The Perfect Edge again in the future! Sandra T.- Roxborough, CO
